No.	Items	QTY
1	Smart Terminal Host	1
2	Power Adapter	1
3	Hand Microphone	1
4	User Manual	1
5	Thermal Printing Paper	1

📄 Basic Operations

Power On/Off Button

Operation Steps:

- ① Connect the power adapter to the DC input port.
- ② Press the power button until you hear a "click" sound, then release.
If the button is stuck, the device is on; if it pops out, the device is off.
- ③ Wait for 2 seconds until the backlight of the device turns on, then wait another 20 seconds for the system to boot up automatically.

Precautions:

Please use the standard adapter provided with the product for connection.
When the battery is depleted to the point of shutting down, connect the power adapter for charging, then press the side switch. After it pops out, press it again to turn on the device.
If the device is in a state of excessive power consumption, charge it while the power button is pressed down.
